

### GOVERNOR RUSSELL CLEARED OF CHARGE MADE BY TYPIST

Mississippi Executive Exonerated  
When Jury Returns Verdict  
for the Defendant

### TRIAL MOST SENSATIONAL IN HISTORY OF SOUTHERN STATE

Stenographer Filed Suit for  
\$100,000 on Seduction Charge

OXFORD, Miss.—By The Associated Press.—Gov. M. Russell, governor of Mississippi, was, in effect, exonerated by a jury in United States court here Monday night of charges of seduction and other serious allegations by a verdict finding for the defendant in a suit for \$100,000 damages instituted by Miss Frances Cleveland Birkhead, stenographer.

The verdict, the climax of one of the most sensational lawsuits ever filed in a Mississippi court, was returned at 10:30 o'clock, after twenty-eight minutes of the arguments were concluded. Instructions given and the case submitted.

#### Few Hear Verdict Read

Neither of the principals was in the court room when the jury presented its verdict. Governor Russell, with Mrs. Russell, went to the home of his brother immediately after the jury retired. Members of his counsel also had left the court room. Miss Birkhead and her attorneys left at the same time for their hotel, and the crowd which for a week had packed the court room to its capacity had slipped from the building, evidently in the belief that no immediate verdict was in prospect.

Several newspapers were at the scene and a handful of the more determined of those who had followed to this dramatic trial of sensational documents remained when the jury filed in with the verdict.

#### Bilbo Fails to Appear

It remained only the required seven weeks. "We, the jury, find for the defendant."

Thompson, Theodore Bilbo, who was sought as a witness by counsel for Miss Birkhead, failed to appear. Court had adjourned Saturday afternoon until Monday to give time to locate the former governor. When he was not on hand Monday morning there was a conference between opposing counsel and Judge Holmes, and there being no further witnesses to call, it was deemed to begin the argument.

#### Wife Sits With Defendant

Gov. Russell and Mrs. Russell sat with counsel for defense during the argument at the morning session of court. Mr. Russell heard Mr. Campbell's argument with a highly drawn face.

Miss Birkhead, defendant, was absent from court seated behind her counsel. Her expression was very calm, showing that at any time during the trial.

The session of the case to the jury followed four hours of argument in which each side made points for the exoneration of the governor and on the other hand a point of upholding the constitution of the young woman that she had been wronged by the state even though she was desecrating of herself.

#### Had Asked \$100,000

Miss Birkhead had asked for \$100,000 damages. Fifty thousand dollars was asked by each of the two counts, one charging seduction and the other impairment of health as a result of the alleged seduction.

The verdict was returned by a jury composed of men ranging in age from 25 to 70 years of age. All are married.

#### BLAINE RAGES IN GELSE

MADISON, Wis.—Governor Blaine on hunt goes as well as tend to executive duties. This was evidenced Monday when he returned from Watrous, Wis., with eleven guests. Those in the governor's hunting party included A. O. Parnell, Dr. C. Chase and Executive Secretary Ralph H. Imnell, all of Madison.

Governor Lee M. Russell, of Mississippi, was Monday exonerated of charges made in a \$100,000 damage suit started by his former stenographer, Miss Frances C. Birkhead.

### SUSPECT HELD FOR IDENTIFICATION AS "HAMMER SLAYER"

Woman Answering to Description of Clara Phillips Declares She's Beatrice Craig

BEARS STRONG RESEMBLANCE TO PHOTO OF ESCAPED PRISONER

Refused to Assist in Establishing Identity When Arrested

CASPER, Wyo.—Belief that Casper police had succeeded in apprehending Clara Phillips, convicted slayer of Mrs. Albert A. Meadows, who escaped from the Los Angeles jail on December 6, is thought to have been exploded when a suspect arrested Monday night declared she was Beatrice Craig of Kirby, Wyoming.

The woman is said to bear a strong resemblance to a published photograph of the "hammer murderer," and when first arrested refused to assist the police in any way in solving the puzzle of her identity.

Arrested within a block of the railroad station, where she had entered a taxi cab immediately after getting off a train that had just arrived from Billings, Mont., she betrayed no surprise at being taken into custody, according to the arresting officer. She asked few questions concerning her arrest and answered none. She was held.

A man who accompanied her from the train entered another taxi cab which followed a different route from that taken by the woman's car. He had not been located early today.

When the woman was taken to the police station, the police were unable to find anything by which to identify her. They could not even find her railroad ticket or any portion of it to show where she had boarded the train.

COKE FREIGHTER AGROUND. SALT LAKE, Utah.—The freighter J. H. Brown of Buffalo with a cargo of coal for Chicago, went aground off Point Nichols, Salt Lake Island, Tuesday morning, during the worst snow and wind storm in years.

Twelve men and crew of the freighter were taken off by the coast guard from Walker's Point. The rescue was effected in a raging blizzard.

The steamer is reported to have a hole in her hull and to be leaking badly.

FIGHTS OFF WOLF PACK. MARSHFIELD, Wis.—After being attacked and almost thrown, George Anderson, a hunter of wolves with a hunting knife after several of them had sunk one of the wolves and all by killing the appetites of the pack to the fallen animal, Anderson then staggered several rods to his hunting lodge, where he fell and lay unconscious until the next morning.

MELUIS FILES SUIT AGAINST M'CORMICKS AND OPERA MANAGER

MADISON, Wis.—Suit for \$200,000 damages against Gamma Walska, her husband, Harold McCormick, and Jules Melius, opera manager, was filed Monday by Mrs. Lucille Melius, coloratura soprano, who charges that the first two named defendants induced her to break a three-year contract with her.

John Wanamaker, the world famous merchant and former postmaster general, died at his home here Tuesday morning.

He had been confined there since early in November with a heavy cold contracted at his country estate Lyndhurst, at Jenkintown, near here. He was 84 years old.

Mr. Wanamaker was active in his business up to the time he was stricken. He spent much of last winter in Florida and was in this city all summer hard at work, with the exception of occasional surreptitious trips to the office for a day at the seashore.

Early Monday morning Mr. Wanamaker was seized with a violent coughing spell, his physicians stated, which resulted in extreme heart weakness. Major B. H. Warburton, Mr. Wanamaker's son-in-law, notified the Associated Press Mr. Wanamaker died peacefully at 8 a. m.

Mr. Wanamaker became unconscious at midnight. When his condition became grave during the night all the members of the family were summoned and all were present with the exception of Rodman Wanamaker, who arrived too late.

The death of Mr. Wanamaker, who spent his entire life in Philadelphia, and was always one of its leaders in civic movements, was received with sorrow by all classes of citizens.

Mr. Wanamaker's life was insured for more than \$1,000,000, he having been one of the leaders among the most heavily insured men of the country.

### DECLARES EAST IS GIVING UP FIGHT ON WATERWAY PROJECT

Opposition in Empire State and Parts of New England Fading Reports Director

BLAINE ASSURES CHICAGO COUNCIL OF SUPPORT OF BADGER STATE

Wisconsin's Share of Promotion Expenses Placed at \$20,000

CHICAGO, Ill.—Opposition to the lakes-to-ocean project in New York state and parts of New England is crumbling, according to the report of C. P. Craig, executive director of the Great Lakes Tidewater association, before the annual meeting of the council of states Tuesday. He added that activities favorable to the project were increasing in the middle west and Canada.

During the year President Harding committed himself to the project, declared Mr. Craig. "Associations favoring it include the American Farm Bureau federation with the committee on economic policy, American Bankers' association, and the joint congressional committee on agricultural inquiry making it a special study."

The estimated requirement for the work from January 1, 1923, to June 30, 1923, is \$38,250, which includes \$6,000 for special hearings and research work, according to the report, which also allots \$191,000 for carrying on the work, should it be necessary, from July 1, 1923, to June 30, 1924. This sum is divided by states. Among the sums apportioned are the following: Michigan, \$20,000; Wisconsin, \$20,000; Minnesota, \$20,000; Iowa, \$12,000; North and South Dakota each, \$6,000.

Badger Support Assured

MADISON, Wis.—Governor J. J. Blaine of Wisconsin Tuesday instructed his secretary, Ralph H. Imnell, to convey to the council of states meeting at Chicago, assurance that Wisconsin is favorably disposed toward water transportation by the Great Lakes to the St. Lawrence and Great Lakes to the Gulf deep waterway projects.

"Transportation demands double every ten years and the railroads are now about ten years behind on transportation facilities," Governor Blaine said in a message to the council. "A waterway from the lakes to the Atlantic should be supplemented with a waterway from the lakes to the Gulf. The necessity of either route impels the necessity of both routes. The routes constitute an inseparable necessity. The economies in transportation effected by either route will be equalled only by the economies effected by the other route."

### KING WINTER AND BAND VISIT CITY ON MONDAY NIGHT

Lowest Temperature Reported Was Three Below at Six A. M. Tuesday

WEATHER MAN PROMISES RISE IN TEMPERATURE WEDNESDAY

Cold Wave is Nation-wide, Survey Shows

KING WINTER, with his icy hordes, swept down upon the city Monday night, leaving behind a trail of burst water pipes, frozen auto radiators and red noses. The coldest weather of the season was encountered here early Tuesday morning, when, according to the official figures given out by the weather bureau, the mercury slid down to the three below zero mark and stayed there for more than an hour. The lowest temperatures were between six and seven o'clock.

Some hope for a warmer day soon may be gleaned from the weather bureau report, however. Though the report says "continued fair and cold Tuesday," it gives promise of a rise in temperature on Wednesday.

The main channel of the Mississippi river is still open, despite the cold snap, but it is expected that it will be frozen over before another twenty-four hours have rolled around. West channel is completely covered with ice, and has been for several days.

National Outlook

CHICAGO, Ill.—A high wind brought the first severe cold weather to the states of the middle west Tuesday while the northwest for the second time this winter was in the grip of sub-zero temperatures. Cold wave warnings were issued for the Ohio and Mississippi valleys and forecasters predicted the cold in the northwest would spread eastward, preceded, however, by rising temperature.

The coldest weather recorded this winter prevailed in the northern portion of the Rocky mountain region. Temperatures ranged from 12 to 27 below in Wyoming and Montana. The southern portion of the region, it was predicted, would be greeted by the cold wave Tuesday.

Duluth, Minn., reported zero temperature and a blizzard with a 68-mile an hour wind driving on Lake Superior.

Storms on Lakes

SALT LAKE, Utah.—The upper lake region was being swept Tuesday by wind storms that halted lake traffic. The gale was accompanied by a drop in temperature and heavy snowfall.

Zero at Janesville

JANESVILLE, Wis.—For the first time this winter the thermometer here registered zero at 6 o'clock Tuesday morning. A few degrees colder is reported from the country.

Predicts Colder

MILWAUKEE, Wis.—Zero was recorded for the first time this season at 8 a. m. Tuesday. The first time zero was recorded last winter was December 21.

Zero was the minimum temperature early in the day, the previous minimum having been ten above last Saturday. The temperature probably will not rise above eight Tuesday and early Wednesday a minimum of four below zero will be recorded, according to Forecaster W. P. Stewart. This will be the lowest temperature of the cold wave, however, Mr. Stewart said. He said that the mercury would rise to about the twenty degree Wednesday.

Two Below at Madison

MADISON, Wis.—Zero weather was recorded in Madison for the first time this winter when the thermometer reached two below at 7 o'clock Tuesday morning, according to a weather bureau report.

Rhinelanders Hit 11 Below

RHINELANDER, Wis.—Rhinelanders experienced the coldest weather so far this season, when the mercury dropped to eleven degrees below zero at nine o'clock Tuesday morning.

Lake Steamers Safe

CHICAGO, Ill.—Reports from Lake Michigan ports Tuesday indicated that all steamers caught in the gale which broke over the lake early Tuesday morning had found refuge.

The steamer Alabama, one of the largest and best equipped steamers on the lakes, had been stuck with ice for three days, but was freed Tuesday night and was en route for Chicago.

The local office announced Tuesday the steamer would leave port at the first indication of a lessening of the gale.

The force of the gale which accompanied the cold wave had most effect on the eastern shore of Lake Michigan, H. W. Thorpe, head of the "Goodrich" cable, said. The steamers Indiana and Illinois arrived here Monday night from Milwaukee sheltered in ice, but otherwise unharmed, he said.

### LONDON PESSIMISTIC OVER PROSPECTS OF AGREEMENT ON REPARATIONS QUESTION

Doubt Expressed as to Possibility of Reconciling Opposing Viewpoints of Britain and France; Latest German Proposals Held Unsatisfactory in Note of Bonar Law to Berlin Government

WASHINGTON.—By the Associated Press.—It was said at the white house Tuesday that while all official comment would be withheld for the present, it could not be denied that the Washington government regarded the reparations difficulties brought to a head by the premiers' council in London as one of the most acute problems now vexing Europe.

There was no attempt to disguise the concern of the United States in the apparent lack of promise of an adjustment of allied views as to Germany. That concern, it was indicated, extends to other European questions as well, and in all of these matters, it was added, the Washington administration has not been "inactive."

LONDON.—By the Associated Press.—Comment on the adjournment of the premiers' conference is rather doleful. While the newspapers try to build hope on the fact that the conversations are to be resumed, they do not conceal a fear that the impossibility of harmonizing the allied views will again be manifested in Paris. The hope is generally expressed that the utmost will be done during the interval to prevent a complete collapse of the entente. All commentators make it clear that whatever happens, Great Britain will have no share in occupying the Ruhr.

American official sources in London are awaiting Premier Bonar Law's proposed statement in the house of commons Thursday for verification or denial of the report that overtures are to be made immediately to Washington with the object of determining whether the United States is ready to reconsider her stand on the question of the cancellation of a portion of the inter-allied debts providing Great Britain cancels the French debt.

All the visiting premiers and their delegations left London Tuesday. Many London fascists in picturesque head-dress and black shirts went to the Victoria station to see Premier Mussolini of Italy off.

The reply of the allied premiers to the latest German proposals on reparations was dispatched to Berlin Monday night in the form of a brief but courteous note from Premier Bonar Law to Chancellor Cuno.

Mr. Bonar Law declared with an expression of sincere regret that, "in the existing circumstances," the proposals did not offer a solution of the reparations difficulties.

Authoritative German circles here expressed disappointment Monday over the French criticism that Chancellor Cuno's note to the premiers' conference was obscure and vague, and that his new proposals were only made because of the threatened occupation of the Ruhr.

The chancellor's action, it was claimed, was based on his desire to try every means to save Germany from her present distress, caused largely by constant depreciation of the mark and its accompanying evils. He was also represented as being willing to co-operate with the allies in any definite solution of the reparations problem.

Much of the money forthcoming from the loans proposed by Germany it was pointed out, would be applied to reparations payment, and some to the stabilization of the mark, thus disposing of the charge that the Germans were only willing to stabilize the mark to end their own misery.

The continuous monthly payments which were depleting the German treasury must cease, it was declared, and as the flotation of a loan would require credit and confidence, a large moratorium became necessary. At the same time the Germans were ready to listen to any suggestions.

Blame France for Collapse

The conference adjourned after the British premier and the French premier had failed to reach any common ground for agreement. The French insistence upon rigid guarantees before granting a moratorium to Germany was the principal reason for the collapse of the present negotiations.

The French demands included occupation of the Ruhr district with sufficient forces to insure collection of the cost and the taking over by France of the administration of the Rhineland.

No Word to Washington

WASHINGTON.—By The Associated Press.—No formal report of American participation in the reparations discussion by the allied premiers has reached the Washington government. On the reparations conference reports of an official character as to Monday's developments in London have been delayed upon news of the status of the discussion.

The French and the highest of authority, however, that the president has no power to negotiate cancellation agreements even if that were his desire, it would be necessary, under this view, to take any such suggestion before congress, whose specific sanction hardly could be expected to come before the premiers' conference, just after the first of the year.

Indiplomatic circles the outcome of the premiers' conference, has been the subject of much speculation, and it appears to be the consensus of diplomatic opinion that the French claims will not be pressed to the point of rupture of the good understanding between the allies.

HURLEY SCHOOL BUYS LAND FOR ATHLETIC FIELD

HURLEY, Wis.—Sixteen lots have been purchased by the Hurley school board for a new athletic field, it was announced Monday. The land purchased lies a block and a half from the Lincoln school. Two additional lots are expected to be obtained through condemnation proceedings as the owners are alleged to be holding out for an unfair price.

The acquisition of additional property will give Hurley one of the best athletic parks in the state. Besides a football field, a recreation park for youngsters will be made, it was announced.

GIRL ELECTED TO OFFICE AS JOKE DOESN'T WANT IT

NICKERSON, Kan.—Deploring she was elected in the recent election by club women who jokingly wrote her name on the ballot, Miss Clara Arnold, 19-year-old girl, protested when asked to qualify for the office of justice of the peace and police, following the resignation of Judge Joslyn. Nickerson's only active justice, "It's a joke," she said, "I don't want to be called Judge Arnold."

Informed she must qualify or be subject to prosecution, she said "I'll qualify, but I don't want the job."

THROWS CLINKER IN WOODEN TUB AND STARTS FIRE

A clinker thrown in a wooden tub while cleaning the furnace started a smudge at the Fred Ham residence, 700 South Fourth street, early Tuesday morning. The fire department responded at 3:45. Slight smoke damage was reported.

At the Lutheran hospital Monday afternoon fire started in a room where painters were at work redecorating. The blaze started by a paint remover in a cloth, it was said. No damage was reported.

Don't delay fighting constipation with BRAN that is ALL BRAN!

When constipation flashes its signal of sickness into your eyes and chokes into your breath, your brain and your appetite, it is absolutely necessary that you head it off! Toxic poisoning stands close by; Bright's disease and other dangerous diseases await their turn!

The remedy that nature offers is the simplest and most effective—Kellogg's Bran, cooked and krumbled, which is ALL BRAN! And it is ALL BRAN! It is ALL BRAN you need when you want to fight constipation. You can't afford to delay a minute and you can't afford to use half-way measures with foods that contain a percentage of bran! Your physician will recommend Kellogg's Bran because it is not only effective, but because it is delicious. Why? you will like its nut-

like flavor, which adds so much to any food with which it is served.

Be certain to eat Kellogg's Bran regularly—at least two tablespoons daily; in chronic cases with each meal. Results will prove astounding. Remember that Kellogg's Bran is nature's own regulator, which operates in nature's way—which is the best way!

Eat Kellogg's Bran as a cereal, sprinkled on other hot or cold cereals, or make it up into the best of muffins, pancakes, raisin bread, cookies, macaroons. Kellogg's recipes are printed on each package. Let the children eat Kellogg's Bran. It is wonderfully beneficial. It will improve their health just as it will really and truly make-

men and women. The value of Kellogg's Bran cannot be overestimated. Sold universally by grocers.

## ELSA RYAN IN "THE INTIMATE STRANGERS"

Among the several delightful characters in Booth Tarkington's latest comedy, "The Intimate Strangers," which, with Miss Elsa Ryan in the stellar role, will be seen at the La Crosse Theater Wednesday, December 13, are two of Tarkington's inimitable studies of adolescent youth. In one of them, Mr. Tarkington has struck a new note or creation, in that he has drawn a delicious illustration of the modern "flapper" girl, the exuberant boyish-minded woman who is wearing her hair in a general manly style, and who is smoking, drinking, and generally behaving in a way that is very different from the conventional femininity. In private life, Miss Ryan is a true daughter of the south, but as Florence, Tarkington's "flapper," she has equally true to form as a study of the flapper of the twentieth century. Miss Ryan began her stage career with the La Crosse Theater.

# MAJORITY OF COUNTY BOARDS IN FAVOR OF CHANGE IN AUTO TAX

Eighty-four Percent of Boards Approve Program of Legislative Committee

MADISON, Wis.,—By The Associated Press.—The first complete poll of the vote taken by Wisconsin county boards on the highway program of their legislative committee, compiled Tuesday by E. R. McIntyre, editor of the Wisconsin Farmer, shows that 84 percent of the board members favor even of the eight suggested changes in the state road laws.

The total vote of supervisors in 64 counties showed 12,400 in favor of the proposed alterations in the highway program, with 2,000 against. Five county boards, Barron, Douglas, Rich, Grant and Stark, voted the proposition without voting on them, while two failed to report their poll.

Change in the present tax laws for support of roads to lift the burden from general property and place it in larger part on automobile owners, was favored by 57 of the county boards. Out of the total number voting 57 favored a graduated license based upon the weight of vehicles, while six were opposed; 50 favored a two per cent highway privilege tax based on automobile valuation, with seven opposed, and 57 favored a two per cent per gallon gasoline tax, with six opposed.

The proposal to add 2,500 miles to the state trunk highway system to be maintained by the state received the support of 51 counties, while to oppose, as with the other proposals, five counties failed to vote. On the proposition calling for a saving of federal funds now available for Wis-

consin so that Wisconsin might receive back its proper share of the funds, 62 counties favored and two opposed, with five tabling.

The plan for payment of a refund in the form of a maintenance bonus to counties which have bonded on which will bond to push construction of high type roads, received support of 19 county boards with 11 opposed. Distribution of state and federal aid not on a county basis but in a manner so that the principal lines of travel may be surfaced as soon as possible was favored by 53 counties and opposed by 11.

Longer terms for members of the

county road and bridge committees were favored by 46 counties with 18 opposing, and the proposal for joint payment of the cost of financing county highway departments between the state and counties, was opposed by 37 counties and supported by only

26. This is the one proposal to lose in the poll, which showed substantial majorities for the other provisions of the program.

This action of nearly 17,000 representatives of the people throughout Wisconsin, is expected to have great weight with the legislature when it takes up consideration of highway legislation, probably early in the session. The highway program is one of the important subjects before the coming legislature.

The vote of county boards will be tabulated and prepared for submission to the joint highway committee of the legislature and to the legislators when the program is put into the form of bills.

It is believed that the proposals contained in the county board pro-

gram will be submitted to the legislature by the joint highway committee of both houses, instead of being introduced by individuals.

# DOUBLE PROSECUTION FOR DRY VIOLATIONS IS UPHELD BY COURT

Offender May be Punished by  
Both State and Federal Courts  
Ruling of High Tribunal

## DECISION HAILED AS VICTORY FOR ENFORCEMENT BUREAU

Will Help in Drying up Many  
Cases Declare Agents

WASHINGTON, D. C.—Dry enforcement won a sweeping victory in the United States supreme court Monday, when Chief Justice Taft handed down a decision holding that prohibition violators may be prosecuted and punished by both the state and federal authorities for the same offense.

The court declared that the "double jeopardy" clause in the constitution applied solely to two or more prosecutions by the federal government for the same offense and did not prevent punishment of an offender by both the state and federal governments when both have separate statutes covering the offense.

If State is Easy, U. S. May Act.

In other words, if a state court fails to mete out punishment sufficiently drastic in the opinion of the federal enforcement officers, they may at once institute prosecution against the offender and the federal courts have full authority to punish him again for the same offense under the national prohibition act.

Prohibition leaders hailed the decision with delight. They believe that it will aid greatly in drying up some of the most conspicuous cases within the territorial limits of the United States.

For instance, if enforcement becomes light and offenders are let off with trivial fines in New York or New

Jersey, the federal enforcement authorities can seize these same offenders, prosecute them in the federal courts, and have them heavily punished for the same violation.

Were Fined Under State Law.

The decision of the court came on an appeal by Arthur Maguire and four co-defendants, who were charged in the United States district court of Washington state with making, transporting and possessing liquors and operating a still.

Their contention was that the same charges had been made against them in a superior court of Whatcom county, Wash., a state tribunal, and that they had been fined \$250 each on three counts. They argued to the supreme court that two punishments for the same act—one under national prohibition laws and another under state prohibition laws—meant double jeopardy.

Reverses Lower Court.

Dismissing this argument and reversing the decision of the lower court, Chief Justice Taft said: "We have here two sovereignties, deriving power from different sources, capable of dealing with the same subject matter within the same territory. Each may, without interference by the other, enact laws to secure prohibition within the limitation that no legislation can give validity to acts prohibited by the amendment. Each government, in determining what shall be an offense against its peace and dignity, is exercising its own sovereignty, not that of the other.

"It follows that an act denounced as a crime by both national and state sovereignties is an offense against the peace and dignity of both and may be punished by each."

At the same time, the court took occasion to point out how a "well-dominant" congress might virtually nullify prohibition.

"If congress," it said, "sees fit to bar prosecution by the federal courts for any act when punishment has been imposed, it can, of course, do so by proper legislative provision, but it has not done so."

# FORMAL INAUGURAL CEREMONIES ARE BARRED BY BLAINE

Only Informal Reception to be  
Held as New Officers  
Take Positions

MADISON, Wis.—Formal notification to state officers that there will be no formal inauguration when they take office on January first was made Tuesday by Governor Blaine. In a letter to all the officers that will take office at that time the Governor stated that only informal receptions in their respective offices will be considered proper.

"According to the general custom," says Gov. Blaine, "that has prevailed where the executive succeeds himself no formal inaugural services are held. I think it is wise and desirable, for

reasons which I need not enumerate, to observe that general custom.

"It is suggested that the officers elected assume their respective positions on the day and hour fixed by law, which is at noon on the first Monday in January, and that at such time their friends and the citizens generally will have the opportunity to meet them with such informal reception as generally attend on such occasions, in the respective offices.

Congratulating you upon your election and wishing you a successful and serviceable administration of the office to which you have been elected, and assuring you of my desire to render all the assistance possible, I am, very cordially yours, John J. Blaine, Governor."

RAINBOW OFFICER DEAD

POND DE LA C.—Captain A. R. Brunet, 42, who commanded Company B, 150th Machine Gun Battalion, Rainbow division, in the world war, is dead here of cancer cancer. It was believed, by a bruise when thrown from a horse while the command was at Camp Douglas in 1917.

He was a member of the Wisconsin national guard since 1897. He had served as deputy game warden since 1909.

# JIMMY GILL TO FIGHT JOHNNY SHOWERS NEXT

Will Take on St. Paul Man in Main Event at East Mo-line Saturday

## WESTERN PAPERS PRAISE WORK OF LOCAL FIGHTER

Nebraska Opponent Disqualified on Foul

Jimmy Gill, the La Crosse Speedster, is scheduled to meet Johnny Showers at East Mo-line next Saturday night. Gill is fresh out of the west where he met and conquered "Kid" Wheeler at Lincoln, Nebraska. The local man's superiority was never in doubt throughout the entire fight and continued to be so until the end of the contest when he gave the fight to Gill in the third round.

The Lincoln Star has the following story of the fight: "Gill's boxing specialty was apparent from the first. Unraveling a rapid fire left jab, the second round referee and motioned the fighters and motioned that Wheeler had used a kidney punch three times and that he was out of the contest. Gill's opponent was disqualified. In the third round Gill asked Wheeler to stop with a wallop and the referee saw him then, out of a corner of his eye, punches which resulted in his disqualification. Gill's last Saturday night at East Mo-line is being advertised as the main event on the card. The fight scheduled for ten rounds.

# ZUPPKE AND WILCE MENTIONED AS POSSIBLE SUCCESSORS TO JOHN RICHARDS AT WISCONSIN

MADISON, Wis.—(Special.)—That friction between Coach "Big John" Richards and the university athletic department was not the cause of Richards' resignation was definitely settled Tuesday with the publication of Richards' telegraphic resignation. Just who will succeed Richards is entirely a matter of conjecture with the football men's resignation to take up in law in California coming as a stunning surprise. The wire resignation received by Director T. E. Jones follows:

"I cannot be considered for reappointment for next year. Am leaving for the west tomorrow (Tuesday). Unable to arrange to be back next year if so desired. Hope all goes well and know that I am with you all the time."

Among those mentioned as possibilities are Coach Bob Zuppke of Illinois and Coach Wilce of Ohio. Both are Wisconsin graduates and Wilce was a captain of an earlier Badger eleven. A call for a meeting of the Athletic council is expected by the end of the week and while no successor will be selected it is generally expected they will outline the moves to secure a new coach for the Badgers.

Coach Richards is recommending James Brader, for three years a tackle on the Badger team. Brader graduated in 1921 and has since been assistant coach.

"Cub" Buck, one of the Badgers' greatest tacklers, now coaching the Green Bay Packers, is another prominently mentioned. He was offered the position at Indiana university this past season but declined.

Howard Hancock, captain of the 1921 team, and a noted tackle, now coaching at the Oshkosh Normal school, is well up in the list of possible selections. He has been turning out strong teams at the teacher training institution, and is well known here.

## SHELDON LEADS IN CITY CUE TOURNEY STANDINGS TO DATE

Following the third week of playing the Sheldon team leads the other five contestants in the tournament for the city championship.

On Saturday night Gibson defeated Kraft at Wittenberg's, 75 to 69.

On Monday night's game Ray Hoffman for the S&H won from Joe Safford, 75 to 48. The game tonight is known as both.

Following is the standing:

	W	L	Pat.
Sheldon	6	1	857

Badger Executive Will Not Attend GOVERNORS' MEET

MADISON, Wis.—Wisconsin will not be represented at the governors' conference at Madison, Wis., Dec. 14th, Governor Blaine has notified the conference of his inability to attend the annual meeting.

Instead, the executive will be at Milwaukee on that day to attend the opening of the Wisconsin products exposition at the auditorium. Over 1,000 exhibits of products made or grown in Wisconsin feature the exposition.

FAVOR STANDARD BOTTLE AND LABELS FOR BADGER HONEY

MADISON, Wis.—A standard size of bottles for honey and a Wisconsin standard label will probably be the result of the annual convention of the Wisconsin State Beekeepers' association to be held in Milwaukee on Thursday and Friday.

B. B. Jones of the state department of markets will conduct a public hearing on this question Thursday afternoon. It is generally thought that a uniform label and package for the honey will do much to increase the justly earned prestige of the Badger product.

## Richards Refuses Reappointment

MADISON, Wis.—John R. Jones, director of athletics, announced Monday afternoon.

## BASKET BALL QUIZ

by Referee

During the coming month the La Crosse Tribune and Leader-Press will publish the "basketball quiz" wherein disputed points in basketball will be taken up and answered in readable, understandable language. The entire playing rules will be covered in 80 short queries and answers.

### OUT OF BOUNDS

How do the officials determine who shall get the ball when it goes out of bounds?

The ball is caused to go out of bounds by the last player touched by it before it crosses the line. It becomes the property of the opposing team at the point it went out of bounds and shall be put in play at that point.

### HELD BALL

How is a held ball determined?

A held ball is a matter of opinion on the part of the official. A ball is regarded as held when two players of opposing teams have one or both hands on the ball and are fighting for possession of same, or when one closely guarded player is withholding the ball from play.

### TAKEN AWAY

If a player is taken out of the game, operated in Richmond, Va., in 1887.

## RE-INSTATEMENT OF BUCK WEAVER DENIED BY BASEBALL HEAD

Maintains He Was Always Innocent of White Sox Scandal of 1919

CHICAGO, Ill.—K. M. Landis, commissioner of baseball, Monday denied re-instatement of George (Buck) Weaver, former star third baseman of the Chicago White Sox. Weaver was one of those dropped as a result of the scandal in which it was charged certain baseball players and outsiders plotted to throw the 1919 world series championship to Cincinnati.

Weaver always has maintained his innocence regarding the crooked series, he told Commissioner Landis in his application for re-instatement. Weaver told the commissioner that he had been approached by Eddie Cicotte, pitcher of the White Sox, with a proposition to "throw the series." He said that he told Cicotte that the series could not be thrown and that "Cicotte was foolish to listen to such talk; that he refused to have anything more to do with it."

## "THE WOMAN HE MARRIED"

"The Woman He Married," starring Anita Stewart, will be the next attraction at the Rivoli Theatre, where it will begin a three-day engagement on Wednesday. The production has won considerable praise wherever it has been shown as one of the most unusual pictures of the year. Miss Anita Stewart gives the role of the artist's model an interpretation that characterizes her as one of the great screen actresses, and the supporting cast is fully adequate.

Paul Niblo, the creator of "The Three Musketeers," directed "The Woman He Married."

## RIVIERA TODAY

Impressively done is the Cosmoopolitan production, "The Prince of Darkness," at the Riviera Theatre tonight. The cast is an all-star one, featuring Forrest Stanley and Marjorie Daw, and including some well-known players as James Barron, Joseph Donlin and Warner Oland.

The title is a familiar one to many, the picture having been adapted to the screen from the widely read novel of the same name, by Peter B. Kyne. Treating a vital problem with intelligence, the story has a wide appeal.

## STRAND TODAY

All the lovers of a good fight and a good fight from time to time, find the Strand Theatre and grab an eye full of Conway Tearle in "The Referee," his newest Selznick production. After viewing this exceptionally exciting picture, it is obvious that Tearle is king of the film fighters. Pugs and

rough-necks, both bow before Tearle. But there is one little girl who carries around a bow and arrow who finally sends Tearle to the moon for the count of ten. Tearle, step up and meet a girl!

"The Referee" is perhaps the best story Mr. Tearle has ever had in his distinguished career. Judging by "The Referee," the life of a motion picture star is a strenuous one. Conway Tearle, stripped to the skin and gave him looks as if he is no stranger to punching bags and skipping ropes.

"THE GREAT LOVER"—MAJESTIC  
"The Great Lover" at the Majestic Theater for today and Wednesday is one of the most picturesque and beautiful film plays released by Goldwyn this year. The richness of the costumes worn in the scenes from the opera Don Giovanni, which are duplicated, and the dramatic acting of the story itself combine to make an absorbing picture.

The story centers about Jean De La Motte, "The Great Lover," played by

Satopis and the principal characters of the play are operatic singers. The plot is woven around the life of these people in their work and the crisis comes between the three who form the original triangle, during the first and second acts of the opera Don Giovanni.

## CASINO TODAY

"One of my favorite pastimes is to dress up in grandma's clothes," remarked a lady and petite Lois Meredith, who plays the role of Katrina Van Tassel in "The Headless Horseman" or "The Legend of Sleepy Hollow," the feature attraction at the Casino Theater today.

"I just love to climb up to the attic and go through my grandmother's old trunk and surprise my parents by dressing up in gingham and hoop skirts, funny shoes and hats, and all of the feminine attire that grandma

are usually due to straining when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents straining. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

used to wear when she was a girl," remarked this little star enthusiastically.

In the production of "The Legend of Sleepy Hollow," Miss Meredith has her chance of playing the part that she is particularly fond of, as Katrina Van Tassel, the heiress and belle of Sleepy Hollow. Miss Meredith must portray the character of one of the old Dutch settlers which she does with infinite grace and charm. She plays the role opposite Will Rogers as Ichabod Crane in Washington Irving's popular classic.

## LUMBER YARD BURNS

PONTIAC, Mich.—Fire that started Monday night in the Pontiac Lumber yard had caused a loss estimated at \$250,000 before it was brought under control early Tuesday. The blaze, believed to have started from an overheated stove, destroyed the lumber yard and the Barker bus-block adjoining.

Several industrial plants, including that of the Oakland Motor company, were threatened for several hours.

# CAPITOL BUREAUS MOVING TO MAKE ROOM FOR SOLONS

Changes Made in Capitol in Preparation for Convening of Legislature January 10

MADISON, Wis.—This is moving time at the state capitol. With the legislature convening here January 10, Superintendent of Property John Morrissey Tuesday announced several changes in the locations of state departments to release rooms needed for the legislative committee meetings.

The securities division of the railroad commission has been moved to the new Ewing building, a block from the statehouse. The traffic department of the railroad commission, part of the industrial commission, the child welfare department of the state board of health will be located in the capitol annex, three blocks from the capitol.

Other changes will see the prohibition department on the first floor with the conservation commission and the moving of the auto licensing department to the basement.

The assembly voting machine, considerably out of repair during the last session, is being put in shape to record the opinions of the lower house members. At the same time the senate and assembly chambers are being cleaned thoroughly.

DECORAH, Ia.—R. F. Kneeshorn, convicted last spring of first degree murder in connection with the death of Mrs. Iva Van Borklin, was granted a change of venue to Charles City for his new trial.

# BEAUTY PARLOR OWNERS REQUIRED TO PASS EXAMS

MADISON, Wis.—All operators or apprentices now owning a whole or part interest in a beauty parlor in Wisconsin must either pass an examination for a manager's license or dispose of such interest before March 1, 1923, the board of health announced Tuesday. Notices to that effect will be mailed to beauty parlors by the board when licenses are renewed.

It is also announced that a cosmetician coming to this state from another state must pass an examination for a manager's license before she can own or operate a beauty parlor.

The first rose slips planted in Oregon were taken from a bush in Fort Vancouver, Washington.

# Healthy Liver Healthy Life

Your liver—healthy or clogged, active or sluggish—makes all the difference between a vigorous, cheerful life and low spirits and failure. To subdue a stubborn liver, overcome constipation, dizziness, biliousness, indigestion, headache and the blues there is nothing on earth so good as Carter's Little Liver Pills. Purely vegetable.

# HOKAH FORD CLIMBS BANK, DROPS INTO DITCH; MEN SAVED

HOKAH, Minn.—A freak of fate saved the lives of Ed Selke and Eugene Britt, residents of this vicinity when their Ford became balky and decided to take a short cut home from a neighbor's where the two had been spending the evening. The car

climbed a bank and made a drop of twenty feet down the other side, into a ditch. Landing on its nose, the machine maintained its balance and did not turn turtle and the two occupants remained in the seat during the entire performance. All the damage done was two broken spokes in one wheel.

WARSAW.—Rioting with loss of life and injury to many persons, marked the inauguration of Gabriel Narutowicz as president of Poland.

# Dainty UNDERGARMENTS Make Lovely Christmas Gifts

NOT JUST ANY UNDERGARMENTS BUT WELL TAILORED ONES.

Nothing is so annoying as poorly fitting undergarments—straps that drop off the shoulder or bulging tops. These are well tailored undergarments—straps that stay up and tops that fit smoothly. Only the finest materials and trimmings are used and prices are no higher than you usually pay for inferior quality and workmanship. Silk may not be a regular everyday fabric, but on it feels good, and for Christmas there could not be a better gift. We boast on our assortments of these garments. Real quality, dainty colorings and expert workmanship in satins, pusses, willow, rayon, silk and crepe de chine.

PHILIPPINE UNDERWEAR

Of all mustn't lingerie none has fineness, daintiness, refinement, so completely worked and woven into its very fibre as the wear made by Filipino needlewomen. Such beautiful undergarments frequently command a premium; here they are as reasonable as you have ever bought them; an opportunity, certainly, with Christmas a few weeks away.
